

Sponsor: Port Angeles City of      Program: YAF - Large

The City of Port Angeles will use this grant to build a bicycle pumptrack at the Erickson Playfield. The pumptrack will feature tracks for different skill levels and a loop that can be accessed by wheelchairs. The primary recreation opportunities provided by this project are bicycling, scootering and skateboarding.

## Project Cultural Resources Screening Report

PROJECT: 20-1237 Development, Port Angeles Pumptrack

Sponsor: Port Angeles City of Program: YAF - Large

### WORKSITE #1: Erickson Playfield

Properties:	Erickson Playfield	Township:	30
Address:	302 S. Race St	Range:	06W
City:	Port Angeles	Section:	01
County:	Clallam	Lat/Long:	48.11229112, -123.42131415

### Questions

Provide a description of the project actions at this worksite (acquisition, development and/or restoration activities that will occur as a part of this project)

This project will build an asphalt pumptrack in a location that is currently a flat turf field within the City of Port Angeles Erickson Playfields

Describe all ground disturbing activities (length, width and depth of disturbance and equipment utilized) that will take place in the Area of Potential Effect (APE). Include the location of any construction staging or access roads associated with your project that will involve ground disturbance.

The pumptrack will be dug in 1-3 feet below grade. Excavators will be used to create the pumptrack.

Describe any planned ground disturbing pre-construction/restoration work. This includes geo-technical investigation, fencing, demolition, decommissioning roads, etc.

No additional work is planned for before or after the work described in #2

Describe the existing project area conditions. The description should include existing conditions, current and historic land uses and previous excavation/fill (if depths and extent is known, please describe).

Current conditions are turf field within the Erickson Playfields.

Will a federal permit be required to complete the scope of work on the project areas located within this worksite?

No N/A

Are you utilizing Federal Funding to complete the scope of work? This includes funds that are being shown as match or not.

No N/A

Do you have knowledge of any previous cultural resource review within the project boundaries during the past 10 years?

No

Is the worksite located within an existing park, wildlife refuge, natural area preserve, or other recreation or habitat site?

Yes

Please name the area and specify when the site was established.

Project is located with the City of Port Angeles Erickson Playfields

Are there any structures over 45 years of age within this worksite? This includes structures such as buildings, tidegates, dikes, residential structures, bridges, rail grades, park infrastructure, etc.

No

Describe existing worksite site conditions. The answer to this question will be used in cultural resource consultation so please provide detailed information.
